

Soil profile locations

- Orange square: Soil survey of agricultural area
- Pink square: Soil survey ReBo
- Green square: Forestry Service data base
- Black square: Auger observations (WLM)

Surficial geologic units

Blue square	Alluvial deposits
Black square with dots	Coarse blocky debris
Light orange square	Colluvial deposits
Cyan square	Calcareous sedimentary rock
Grey square with arrows	Debris cones
Brown square	Glacio-lacustrine sediments
Dark brown square	ice-marginal sediments
Light green square	Intermediate sedimentary rock
Black square with dots	Landslide deposits
Yellow square with dots	Mire deposits
Grey square with dots	Mixed deposits
Red square	Siliceous bedrock
Purple square	Slope debris
Orange square	Siliceous sedimentary rock
Brown square	Till in general
Black square with diagonal lines	Anthropogenic deposits
Light blue square	Water bodies
